

## INFORMATION TECHNOLOGY

Your mission is to leverage information technology to optimize your organization's performance. Your challenge is a lack of qualified resources, which can negatively impact projects, causing delays, higher budgets and the potential of failure.

Your solution is Medix IT.

Medix IT is a proven source for supplying the technical talent you need for operational success. We provide this in the following ways: Custom Workforce Solutions, Contract, Contract-to-Hire and Direct Hire services.

Medix IT delivers expertise in the following core disciplines:

MedixDirect® EMR Solutions

IT Infrastructure

HIT Services

Application Development

Program/Project Management

Business Intelligence
