

Life Sciences Capabilities Statement

About Medix

Medix Government Solutions applies decades of expert human capital management and workforce solution delivery for the private sector to fulfill the rigorous recruiting and managed services needs of government institutions and departments. A strategic partner to federal, state, and local government, Medix also supports leading government contractors in their work to fill positions in the four core areas: Healthcare, Life Sciences, Technology, and Engineering. Our aim is to enhance performance, ensure budget requirements are met, and drive quality experiences in core areas.

Core Capabilities

Expert Workforce Consulting: Leading industry experts to help create, build, and manage human capital workflow to construct winning solutions for program execution.

Program Optimization and Performance: Optimize program efficiency with customized solutions specifically tailored to achieve contract requirements.

Rapid Deployment and Flexible Workforce Solutions: Medix's proprietary process, database, and workflows create rapid workforce deployment across the country with minimal turnaround times in various scenarios and environments.

Medix Overview

- Trained and dedicated Government Services Recruitment Team in addition to a dedicated Compliance Team, Onboarding Team, and a Talent Concierge Team who assist in weekly communication and feedback throughout the duration of the contract.
- Experience with quick deployment projects (48-72 hour turnaround time) for both human capital management and strategic planning.
- Positively impacting lives of citizens, including our veterans, across the United States
